

## **West-Tech Finishing Inc. Is One Of Top Finishing Shops In North America**

*Products Finishing magazine names West-Tech Finishing Inc. to the 'Top Shops' list*

CINCINNATI, Ohio - West-Tech Finishing Inc. has been named one of the best finishing shops in North America, according to an industry benchmarking survey conducted by *Products Finishing* magazine, a trade publication which has covered the industry since 1936.

The magazine conducted an extensive benchmarking survey that analyzed a company in several different areas, including Current Finishing Technology, Finishing Practices and Performances, Business Strategies and Performances, and Training and Human Resources.

Only the top 50 shops were given the honor of being a *Products Finishing* magazine 'Top Shop' based on a scoring matrix of those four criteria.

West-Tech Finishing Inc. has established itself as one of the best finishing operations in the industry," said Tim Pennington, editor of *Products Finishing* magazine. "The criteria we used was very stringent, and only the finishing shops that excelled in all four areas made the list. West-Tech Finishing Inc. is in rare air when it comes to finishing operations."

West-Tech Finishing Inc. is located at 3-8065 Huntington Road, Vaughan, On. and offers hard anodizing, sulphuric anodizing and chemical conversion coatings.

"We are extremely excited and pleased to be named one of *Products Finishing* magazine's 'Top Shops'," said Bob Ford, General Manager of West-Tech Finishing Inc. "Our employees and management team have worked very hard to be the best in the industry, and to provide our customers with quality service."
