## West-Tech Finishing Inc.

Ontario's Toxic Reduction Act - Public Report

Date of Most Recent Plan Report Date

13-Jun-17 13-Jun-17

	Chemical		
Substance Name	Abstracts Service (CAS) No.		
Sulphuric Acid	7664-93-9		

Objectives and Targets of the Plan
The facility has set the following specific objectives intended to support the above Statement of Intent through ongoing efforts to reduce the creation and/or release of toxic substances through

All Substances\* The development and implementation of programs to improve energy efficiency and minimize emissions.

There have been no targets set for these objectives

**Facility Identification and Address** West-Tech Finishing Inc. Company Name Facility Name West-Tech Finishing Inc. Facility Physical Address 4 Abacus Road

Street City Province

Ontario L4H 3P9 Postal Code Facility Mailing Address Same as above

Facility Location-Geopgraphical Reference

\*Expressed as UTM Coordinates within the NAD82 data set

UTM Northing 4846518.24

Number of full-time employees National Pollutant Release Inventory (NPRI) Identification Number Ontario Regulation 127/01 Identification Number

10509 N/A

Brampton

Zone 17U UTM Easting 607807.33

Parent Company Identification and Address

Progress Towards Implemention of the Plan

No technically and economically feasible toxic substance reduction options have been identified in this plan. As such no options are available to be implemented.

## **Aditional Reduction Activities**

Approx. 99% of the H2SO4 passing through the scrubber (10% product) is captured and neutralized by Wastewater Treatment prior to release. Approx. 90% Drag out of H2SO4 which goes to a tank, where it is diluted and finally neutralized in the Wastewater Treatment before release.

Toxic Substace Acounting

Compound	CAS No.	Year	Used / Entering Process (Tonne/year)	Created (Tonne/year)	Released to Air (Tonne/year)	Released to Land (Tonne/year)	Released to Water (Tonne/year)	Contained in Product (Tonne/year)	Transfers for Disposal (Tonne/year)
Sulphuric Acid*	7664-93-9	2012	13.407	-	0.013407				-

\*Substance not reportable in 2011

Plan Amendments

TRA Plan updated and provided in June 2017, per MOECC

Other Toxic Substances Requiring Plans to be Prepared

Not Applicable

Certification

As of June 13, 2017, I certify that I have read the reports on the toxic substance reduction plans for the above listed compounds, and to my knowledge the information contained in the report is factually accurate and the reports comply with the Toxics Reduction Act, 2009 and Ontario Regulation 455/09 (General) made under the Act.
